To Whom It May Concern:

Winco of South Texas has been invaluable to East End Glass. We have used their services for the last seven years. Each time, they prove to be professional, on time, courteous and willing to put in the extra effort to get the job done correctly.

We have worked in conjunction with Winco on many job sites. The Tower of America and Hyatt Hotel are just a couple. Winco provides services such as seal proofing, swinging stage services, and high rise repelling. Their talents extend far beyond the ones we require.

I hope that you too will have the same positive experience as we at East End Glass have with Winco. Please feel free to contact me with any questions you may have.

Sincerely,
