**Dear Keith,**

**Just a note to say thanks to you and Kevin at Winco for the good job you did on the Pyramid Building. Your company went above and beyond to make this building look outstanding. I was impressed with your innovative approach to reach our objectives. Your crew was professional and accommodating. The results are outstanding and precisely what we were hoping for. If you need us as a good recommendation please feel free to have them contact us.**

**Thanks for the great job,**
