Winco of South Texas  
Attention Keith Witt  
130 West Turbo  
San Antonio, TX 78216

To whom it may concern:

This letter is given as a letter of recommendation for the outstanding job that Winco of South Texas has done on the Methodist Hospital and for Skanska construction services. Winco installed thousands of square feet of netting with no problems. They responded to all our requirements and change orders with a pleasant attitude. Winco management and personnel did what they said they would do and went beyond in a noble effort to please us in performing this rather large and complex project. We would not hesitate to recommend their services to anyone. If you have any questions please feel free to call me at (210) 889-0193.

Michael Stratis  
Project superintendent  
Skanska USA Building
